tailor made holidays to Sweden

05.25-05.35	Söderköping	The idyllic town Söderköping was founded in the early 1200s and was very important during the Hanseatic period. The town also has a long and very interesting history as a spa. From Söderköping to the lock Carlsborg Övre there are eight locks on a stretch of app. 4 km. A nice place to go ashore and walk along the canal.
08.35-09.05	Lake Asplången	27 metres above sea level.
10.35	Norsholm lock	Here the canal crosses the main railway line between Stockholm and Malmö.
10.35-12.30	Lake Roxen	33 metres above sea level.
12.30	Berg (Carl-Johan)	<i>The Carl-Johan lock staircase is the longest in the canal with seven connected locks.</i> The convent of Vreta dates from about 1100 and was the first nunnery in Sweden. Its importance was later superseded by the convent founded by Saint Bridget (St. Birgitta) at Vadstena. The old convent church at Vreta is one of Sweden's most interesting, offering many medieval treasures. Today, it is used as a parish church and is therefore not always open to visitors. The tour guide will take us on a walk (app. 3 km, partly uneven) to see the church and the remains of the convent. As an alternative you can walk along the canal, or take a swim in the warm water of Lake Roxen.
15.00	Berg (Heda)	The ship has passed all 15 locks in the Berg lock system. It is time to board for departure.
15.15	Ljungsbro, aqueduct	You pass the first of two aqueducts in the canal. The Ljungsbro aqueduct was built in 1970.
17.45	Kungs Norrby, aqueduct	The aqueduct at Kungs Norrby was built in 1993 as part of the national route 36.
18.15-18.25	Borensberg	At Borensberg there is a hand-operated lock. Shortly before the lock you pass a small gazebo leaning out over the canal in a sharp bend known as the "Helmsman's Horror", and after that you will see the well-known Göta Hotel, built in 1908.
18.25-19.25	Lake Boren	73 metres above sea level.
19.25-19.55	Borenschult	Lock staircase of five locks where you might hear the nightingale sing.
21.00	Arr. <u>Motala</u>	It was Baltzar von Platen who drew up the plans for Motala, and today it is called "the Capital of the Göta Canal". In 1822 an engineering works, Motala Werkstad, was established here to serve the Göta Canal and is today considered to be the cradle of Swedish industry. Here you also find the head office of the Göta Canal Company, responsible for operation and maintenance. Visit the Motor Museum, with its large exhibition of antique cars and motorcycles in authentic surroundings, collection of radios, toys, household appliances and more. You can also walk to see Baltzar von Platen's grave, about 1 km along the left side of the canal. <i>Overnight stop.</i>

Day 4

05.45	Dep. Motala	You leave Motala and head out into Lake Vättern.
05.45-08.00	Lake Vättern	89 metres above sea level. Sweden's second largest lake.
08.00-10.00	Karlsborg Fortress	You will visit Karlsborg Fortress, initiated by Baltzar von Platen and built 1819-1909. The guided tour is a journey through time and space, full of surprises and special effects.
10.45-10.55	Forsvik	Forsvik has a very interesting industrial history. The lock, built in 1813, is the oldest one in the canal. The impressive iron bridge dates from the same year. In the lock you will be greeted with songs and flowers by the Kindbom family, a religious group.
10.55-11.40	Billströmmen/ The Spetsnäs Canal	Through two narrow, wood-lined passages and small lakes full of water lilies, as the boat is steered out into Lake Viken.
11.40-13.10	Lake Viken	The beautiful Lake Viken (91.8 metres above sea level) serves as a water reservoir for the western section of the Göta Canal.
13.10	Tåtorp	At Tåtorp there is another hand-operated lock. From here on you will be going downwards!
13.40	The Berg Canal/ the Obelisk	An obelisk marks the highest point (91.5 metres above sea level) of the canal. This part of the canal is called the Berg Canal and originally had a sharp bend which was straightened in 1930-33.
15.55	Töreboda	The railway line between Stockholm and Gothenburg crosses the canal here. Töreboda also proudly presents Sweden's smallest ferry, "Lina", which travels back and forth across the Göta Canal.
16.40-17.00	Hajstorp	A lock system consisting of four locks. In 1822 the western section of the Göta Canal was inaugurated at Hajstorp. Here you can see the old home of the Canal Engineer. If you want to stretch your legs this is a good place, Hajstorp to Godhögen lock is app. 1,5 km or to Norrkvarn is app. 5km.
18.40	Norrkvarn	All onboard!
20.10-22.15	Sjötorp	At Sjötorp there is a set of eight locks, and also the remains of some old shipyards. You will visit the old warehouse, where the Visitors' Centre and the Sjötorp Canal Museum are located. Here you can see old pictures of Sjötorp, the interiors of several old ships, a large collection of ships' engines, etc. There is also a map of all the sunken ships in the Lake Vänern. It is also possible to take a walk along the locks.
22.30-05.45	Lake Vänern	44 metres above sea level. Sweden's largest lake and the third largest lake in Europe, after the Ladoga and Onega lakes in Russia.

Day 5

08.00-09.30	Trollhättan	The Trollhättan Canal Museum is located in a storehouse from 1893. Learn more about the fascinating history of the Trollhätte Canal through the interesting exhibition and film shown here. You can also take a walk through the beautiful old lock area.
09.30-10.30	Trollhättan, locks	The impressive lock staircase at Trollhättan consists of four locks, and has a total drop of 32 metres. Of the three parallel lock systems here,

only the biggest one (from 1916) is still in use.

11.30- 11.45	Lilla Edet	The lock at Lilla Edet, built in 1916, is the last lock on our journey. The original lock was opened in 1607 and was the first lock in Sweden.
14.30	Arr. Gothenburg, Packhuskajen 10	Our cruise ends at Packhuskajen 10, near the spectacular Opera House and the Maritime Centre in Gothenburg. Self transfer to your hotel in Gothenburg.

Day 6

Perhaps some time to explore Gothenburg before your departure
