

## Fulufjällsbyn – Winter Activities

### Alpine & Nordic skiing and snowboarding

The facilities for Alpine and Nordic skiing and snowboarding in the area ensure that you will have a great holiday. You are assured of plenty of snow and lots of winter sports pleasure on the miles of ski runs near Idre Fjäll and Fjätervålen, both an hour's drive from PAN Village Fulufjällsbyn. Extensive skiing & snowboarding is available locally at Idre Fjäll. There are 30 lifts and 10 black, 5 red, 10 blue and 16 green runs. The longest run is 2.8km long.

### Snowshoe hiking

In winter, too, PAN Park Fulufjället is a wonderful place to explore; for example, snowshoeing to the frozen 93-metre Njupeskar waterfall, nature's dazzling and enchanting work of art that glitters in every ray of sunshine. The walk takes about two hours from 'Naturum' visitors' centre. Near the waterfall is a hut where you can get nice and warm again before continuing your way.

### **Snowfun for children**

Children will have a great time in Fulufjällsbyn. The first snow usually falls mid November and does not melt before April. So, there is enough time for young and old to have lots and lots of snow fun. The children will enjoy building their own igloo near you stuga or playing with the sledge that you borrowed at the reception desk (where you can also hire children's skis and snowshoes).

### **Husky safari**

Go on a half-day husky safari and let those sturdy dogs pull your sleigh through the spellbinding white world.

### **Sleigh ride**

Enjoy a romantic 'jingle bells' sleigh ride with your partner.

### **Ice fishing**

Another unique experience is ice fishing. A local angler will show you how to make ice-holes and then you just have to wait for the fish to bite. The fish that you caught will make a nice dinner.

### **Hiking**

Discover the beauty of PAN Park Fulufjället in winter. Explore the mountain plateau during an exhilarating 6-hour walk.

### **Snowshoe hike**

Put on your snowshoes and set out with a guide to the most magical places of PAN Park Fulufjället.

### **Safaris**

#### **Elk safari**

Do not forget to go on elk safari! The guide, from Moose Adventure in Mörket, who will accompany you through the Dalarna wilderness can tell you everything about the flora and fauna of the region. He can also explain the interesting history of this nature reserve, so you will understand what makes this region so unique. Go on an exploratory expedition with this guide and forget the existence of a world of cars, heavy workloads and busy schedules.

#### **Reindeer safari**

Going on reindeer safari is another unique experience. Let them pull your pullka, an authentic traditional sleigh, and take you to their home; the majestic, snow-covered forest.
